NILES 1-A CORNER BEAD - ZINC

Niles 1-A Corner Bead Standard 2-5/8" x 2-5/8"	Ft/Ctn	Ctns/Pallet
8'	240'	40
10'	300'	40

30 pcs/ctn

The Niles 1-A Corner Bead with a wing size 2-5/8" x 2-5/8", is used to reinforce external corners in Portland cement stucco applications. The 2-5/8" expanded flanges which can easily be flexed over irregular or uneven corners, allow for complete embedment of the entire bead, especially near the nose where strength is needed most. The solid metal nose provides rigidity for straight corners. Manufactured to meet or exceed the following ASTM specifications:

Manufactured to meet or exceed the following ASTM specifications:

ASTM B69-87 - Standard specification for flat rolled zinc. Approximately 99% pure zinc
ASTM C841 - Standard specification for installation of interior lathing and furring
ASTM C1063 - Standard specification for installation of lathing and furring for portland cement- based plaster
